TIHEI MAURIORA

Fortunate to have been mentored by many of his elders, Micheal Paki is an exponent of Te Reo me ōna Tikanga working in Education, and an all-round cool guy. Through a holistic approach, he is always at the cutting edge of education delivery using his many talents to create an empowering experience of liberation.

‘Ko te whakaiti te whare o te ngākau whakaaro nui’

Humility is the fortress of the considerate mind

Regardless of the many successes within Wānanga, working with Cultural Change for Corporations, and Tikanga Driven Relationships between organisations and their communities, he along with his two daughters always return home to where they belong. He enjoys contributing on the marae and in Rūnanga Kaupapa such as Māripi Tuatini, Apa Rising and more.

His goals are;

- To inspire and empower all of Aotearoa to speak Te Reo Rangatira.
- To return the values of our tīpuna, and demonstrate that these are applicable in all settings including toilet cleaning and business.
- To rekindle the wisdom of our indigeneity and show how it continues to be powerful.

Even in this technological age, our tāonga tuku iho have a huge role to play in our need to maintain and nurture human connection with who we are, and therefore our world.

‘Ko te reo te taikura o te whakaaao mārama’

Language and communication is key for the creation of the liberated world.
